

About Us

Pavira Signature is not just a home décor brand. It is a way to make your space feel more beautiful, personal and meaningful.

We believe every wall has a story. A blank wall can feel empty, but the right décor can bring warmth, elegance and life into your home. That is where Pavira Signature begins.

Based in Ahmedabad, Gujarat, India, Pavira Signature creates premium wall clocks, wall arts, hand-painted canvas paintings and designer home décor products for people who want their spaces to feel special.

Our products are designed to add more than beauty. They add emotion, personality and a signature touch to your home, office, studio, showroom, hotel, café or premium interior.

Whether it is a wall clock that becomes the centre of your living room, a hand-painted canvas painting that brings calmness to your bedroom, or wall art that gives your office a premium identity — every Pavira Signature product is made to create a feeling.
